# M-ARTWORK • IMAGES WITH A MESSAGE FROM THE SILENT KINGDOM

M-ARTWORK is inspired by the mineral kingdom. Like animals and plants, they are ambassadors of peace and well-being. Crystals and gems are found in the entrails of the earth and yet the images are special in feeling showing the connection of the earth and the sky and ourselves in relation to the universe.

Laureen Warrington studied at "The University of the Arts" in London, worked in the world of well-being for several years and developed a close connection to crystals and gems for healing purposes. Michael Korotschenko is a media designer, photographer and musician working on his passions since the age of 15. They both created M-ARTWORK in 2008.

## COLOURS

Light is the carrier of our colour spectrum from the life giving radiants of our sun. Each colour is unique and influences our every move.

### GREEN

Regulates the pituitary gland, fights depression, bulimia, and other psychosomatic conditions affecting the gastric system. It is useful in calming the nervous system, fights irritability, insomnia and can be used to assist in recovery from nervous breakdowns.

### BLUE

Calming. Stimulates the parasympathetic system, reduces blood pressure and calms both breathing and heart-rate. It has anti-inflammatory and muscle relaxing effects. Fights both physical and mental tension and is used to assist in relaxation.

### RED

Is used to energise and stimulate. Affects the heart by increasing pulse rate, and the muscles by increasing their tension. Influences vitality, and increases body temperature. Can be used to develop excitement and sensuality.

### YELLOW

Increases neuromuscular tone. Purifies blood, helps digestion, and has a cleansing effect. Strongly stimulates happiness, brings on a sense of security, as well as a strong feeling of well-being.

### WHITE

Used for regeneration. Also, provides energy and balances the chronobiological rhythm, by stimulating the production of serotonin, a substance which regulates both sleep and the nervous system. Rebalances the psychophysical and hormonal systems in people who suffer from seasonal depression.

### ORANGE

Brings joy to our workday and strengthens our appetite for life ! Orange is the best emotional stimulant. It connects us to our senses and helps to remove inhibitions and makes us independent and socialable.
